## Introduction

During this period, many of us are in our homes, either alone or with children, adjusting to a new lived-reality. All of our lives have changed, and some of us have more time on our hands.

Although this time is uncertain and scary for many of us, it also represents a chance to pivot away from the routine of our everyday life, do something different, and pick up some new skills.

Our mission at ARDC is to work together with the African asylum seeker and refugee community in Israel, and provide support, and opportunities for empowerment, and development.

**The goal of this guide is to set out some great resources for learning online. Learning and keeping the mind busy is a very important step in keeping healthy and feeling positive.**

You can use many of these websites to learn on your computer or on a smartphone!

If you wish to add more courses, ideas or information to this guide, or ask any questions, please get in touch with us - [leah@ardc-israel.org](mailto:leah@ardc-israel.org) or whatsapp to ARDC at 054 929 8892.

We wish to say a very **big thank you** to the volunteers of ARDC for your help in putting this guide together - Courtney, Zev, Susana, Julia - thank you for your continued support!
